

How are we helping?

Fisher students have been fundraising for four years, donating hundreds of school supplies, meals, and money. Now, we're reaching out to the rest of the Los Gatos community to increase our impact.

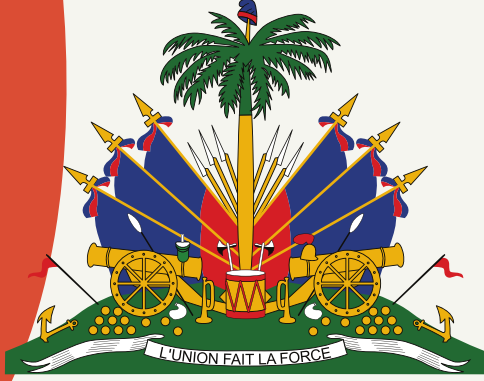

What will funding provide?

Funding will be sent to Le Collège Mixte La Modestie via PayPal. They will use the money to improve their school and provide the students with necessary resources like food and school supplies.

How can you help?

You can donate through our GoFundMe until **December 12th**, so make sure to donate and share the link with friends and family!

Donate to Help Students in Haiti!

Why are we helping?

Haiti has had five major earthquakes, three hurricanes, and a severe Cholera epidemic since 2010. Despite these struggles, Haiti bounces back from its setbacks stronger than ever.

Every kid deserves a safe school environment where they can learn and grow. Donating is one way to make that a reality for Le Collège Mixte La Modestie's students.

Haiti's Education Availability:

There are around 3,000,000 people that live in Haiti, and about 57% of children enroll in primary school. About 30% of these students will stay in education until 6th grade.

Due to a long history of political unrest, natural disasters, and financial debt, many Haitian children don't have the opportunity to go to school.

About Haiti:

Haiti is on a Caribbean island called Hispaniola. In 1804 they became the first nation-state to have a successful slave revolt. This victory started a chain of events that ended the Atlantic Slave Trade.

Who are we helping?

We are donating to 110 students at Le Collège Mixte La Modestie. Le Collège Mixte La Modestie is a school in Cabaret, near Haiti's capital.
