**Help Us
Help Haiti**

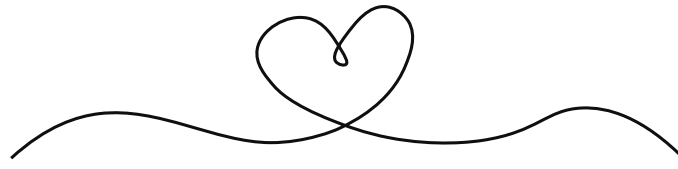

PLEASE
DONATE

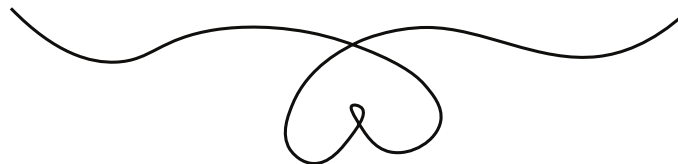

We are 8th graders at Fisher middle school. Every year for three years now, the French students have been doing a fundraiser for the children in Haiti.

This year we are doing the same. We are hoping that with your help we can help them out again.

Haiti is a small country on the island of Hispaniola. Haiti is currently facing major gang problems. This has caused the children of Haiti to not be able to attend school. They are hoping to restart school in January. So when they do go back, we are hoping to have school supplies for them. We need your help to help us fund their school supplies. A QR code is on the back of this pamphlet if you would like to donate. We greatly appreciate any donations.

The deadline for donations is December 12th 2022
